THINGS TO CONSIDER BEFORE ADMISSION

26) Required Upon Admission:

Doctor's Order: It is a State requirement that all residents have a doctor's order that prescribes the care plan, medications, and all possible therapies or level of care needed to reside in a care facility. Therefore, all residents must have a local primary care physician prior to admission. A physical and history form will be provided by us to your doctor prior to admission. If the applicant has not seen a doctor recently, an appointment may need to be scheduled for an accurate assessment.

TB Skin Test: A current TB skin test is a requirement by the State of Iowa before admission. This test requires a minimum of 48 hours for the results, so planning ahead is important. If the test results are positive, then a chest X-ray is required as a follow up measure.

27) Luther Manor is a Smoke Free campus which applies to all staff, residents and visitors.

If you have any further questions or concerns about this application, the above mentioned items, or any other Luther Manor Policies or Procedures, please call us at (563) 588-1413 to speak with a Social Services staff member at any time.
